GOT QUESTIONS POST COVID-19

Has anything changed for you? Talk face to face with employers training providers and industry organisations to help find the answers you need to make great career choices.

The NZ Careers Expo has been partnering with schools, training organisations, employers and industry organisations for the past 29 years. With a clear and simple objective of equipping New Zealand youth with information and networks to assist them in their transition from secondary school to the world of work.

The need has never been greater than now, with the impact of COVID-19 on the employment and training environment. Our young people, more than ever, need to know what the future holds for them in the way of career prospects and how best to navigate their way through these challenging times. We want to engage with individuals to install a real sense of opportunity and support them in their journey.

Given the many new initiatives from government aimed at stimulating the employment market and providing incentives for individuals to train in various industry sectors, the 2020 NZ Careers Expo is perfectly timed to connect providers and programmes with groups and individuals. Together, we can make a real difference to the future of our young people and those looking for support and direction in the face of a substantially different economic and employment outlook.

Working together with our partners, Go With Tourism, NZME and our many exhibitors across the country, we look forward to hosting your school and students at the 2020 events.

Exhibitor engagement across the 2020 NZ Careers Expos continues to grow!

Go with Tourism is partnering with the New Zealand Careers Expo to deliver exhibitions in Christchurch, Auckland, Hamilton and Wellington. Each GWT event will be a hands on event, with its own exhibitors, and will run alongside the NZ Careers Expo.
